Webinar on National Education Policy-2020

Date: 19th Oct-2020

Jointly organized by SJMVS Arts and Commerce College for Women, IQAC, 5 kar BN NCC Dharwad, Karnataka State Akkamahadevi Women's University and Teacher's Association Vijayapura.

A special talk on National Education Policy was organized by the IQAC Shree Jagadguru Moorusaviramath Vidyavardhak Sanghas Arts and Commerce College for Women, Hubballi, in association with the Karnataka State Akkamahadevi Women's University, Teachers Association and 5 Karnataka Girls BN NCC Dharwad.

The speaker Dr. A. M. Narahari, former Registrar of St. Aloysius College, Mangalore stated that the NEP-2020 is a learner centered policy and it provides more opportunities to the students. The policy is going to bring about a paradigm shift in the field of education and addresses the prominent issues of higher education. Dr. Narahari felt that the NEP focuses on the up-liftment of the rural/backward areas and which will enable the rural students to access education through credit choice based system. He opined that the most of the regulations stated in the policy for primary and secondary education are already implemented but for higher education it should be implemented systematically. The UGC and State governments have to coordinate properly in implementation of NEP. Teachers get ample of opportunities to evaluate teaching learning evaluation process scientifically through credit based system under NEP.

NEP is the concept of multi disciplinary approach but, implementation of such system in India will be challenging.

At the institutional level it will have to undergo a big change with no affiliation system & no unitary universities. We have to get back to the generalized universities

and at the same time the existing 940 universities will be reduced to 1/3rd of the total universities. At the college level two types of systems will be allowed whether as a Autonomous or a Constituent college of university.

He spoke about the four parallel autonomous regulatory bodies mentioned in the NEP which will be monitored by the Higher Education Commission.

He said that no formal training qualification framework, suggested in the NEP. However the policy will be fully implemented by 2040.

Dr. A. M. Narhari expressed that too much of a time gap for implementation of NEP may not make it very effective by then the policy may be infectious.
